

Creating Memorable User Experiences

Services Profile - A Quick Review

A closer look...

Who we are?

Simple Web Inc is an e-consulting company catering to the e-business needs of Small & Medium Enterprises. In case you are wondering why we have restricted ourselves to a particular niche segment of clients, the answer is simple we realize our limitations, just as we are aware of our strengths, and we work best within the tightly bound confines. It's a simple philosophy of life called FOCUS.

What can SWI do for you ?

- We're a design, development and consulting company with a focus on developing E-Commerce and Web Applications.
- We can design your new web site from scratch, work with you to re-design your existing site.
- Optimize your dead website for better search engine visibility.
- We can do a complete Web branding of your business including logo, letterhead, brochure, Envelope etc.
- We can help you monetize your site through AdSense and Affiliate Marketing.
